

Dear Children,

The Sisters of the Good Samaritan work across four countries - Australia, Japan, Kiribati and Philippines. We want to have happy and safe places for children to enjoy. Your safety is very important to us. Please tell us if somebody hurts you. It is our job to listen and help you.

You should never feel unsafe and sometimes you might not know when you are unsafe.

You must say "NO" if somebody is doing something to you that you don't like.

What to do if you feel unsafe:

Tell an adult that you trust like a parent, guardian or teacher.

You can contact us - safeguarding@goodsams.org.au

All children have the right to feel safe
